Our INGREDIENTS...

- Our fresh-squeezed Florida orange juice comes from a family-owned company that makes their juice the old fashion way using handpicked, peak-season Florida oranges.
- Sweet Endings award-winning coconut cakes are made with real coconut milk baked into our coconut layers as well as poured into our sweet coconut custard.
- Our sweet and smooth cream cheese frosting and cheesecakes are scratch made. Made with 100% real cream cheese that is blended from a company that manufactures their cream cheese batch to batch with the freshest milk and ingredients.
- Our chocolate comes from a fifth generation chocolatier that is committed to make the world's best chocolate. Their formulas deliver a premium chocolate experience because they use the best beans sourced from around the world.
- Sweet Endings Deep Dish Crumbles are filled with the ripest fruit available; all poured into a hand rolled crust and covered in crunchy streusel. Crunchy apples fill our Mile High Apple Crumble. Blueberries, blackberries, cherries, cranberries, strawberries and raspberries fill our Mile High Verry Berry Crumble.

WHAT'S A FLORIDA FRESH CAKE?

It is all about the real Florida fresh ingredients that make Sweet Endings stand apart from other desserts.

Fresh Florida orange juice, zesty fresh lemon and lime juice from ripe fruit make each mouthwatering bite burst with the freshness of real fruit.

CHILDHOOD MEMORIES

The story behind our Florida Orange Sunshine® Cake began when Judy would ride her bike to the local fresh juice market when she was a young girl. The oranges that did not sell on Saturday would be turned into juicy orange cupcakes by Ms. Hattie. Minutes after coming out of the oven Ms. Hattie would ice her fresh orange juice cupcakes with sugary icing. If you were not there within minutes all of her amazing cupcakes would be sold. When Sweet Endings was born in the 1980's one of the first cakes Judy created was our Florida Orange Sunshine Cake.
